| # | ITEM DESCRIPTION | QTY | UNIT PRICE | TOTAL PRICE |
|---|---|---|---|---|
| 1 | **Tarot 650 Sport Carbon Fiber Frame**<br>Lightweight 650mm quadcopter frame with retractable landing gear. | 1 | ₹14,500.00 | ₹14,500.00 |
| 2 | **T-Motor MN3110 700KV Brushless Motors**<br>High-efficiency motors for heavy lift. Includes CW and CCW adapters. | 4 | ₹4,200.00 | ₹16,800.00 |
| 3 | **Hobbywing XRotor 40A OPTO ESC**<br>Electronic Speed Controller, No BEC, optimized for multi-rotors. | 4 | ₹1,800.00 | ₹7,200.00 |
| 4 | **Pixhawk 4 Flight Controller**<br>Advanced autopilot module paired with Ublox M8N GPS & Compass. | 1 | ₹22,000.00 | ₹22,000.00 |
| 5 | **Pixhawk PM07 Power Management Board**<br>Power distribution board with 5V/12V UBEC for Pixhawk 4. | 1 | ₹3,500.00 | ₹3,500.00 |

| # | ITEM DESCRIPTION | QTY | UNIT PRICE | TOTAL PRICE |
|---|---|---|---|---|
| 6 | **Carbon Fiber Propellers 15x5.5**<br>Ultra-stiff and balanced 15-inch props (CW/CCW pairs). | 4 | ₹1,200.00 | ₹4,800.00 |
| 7 | **Tattu Plus 12000mAh 6S 15C Lipo Battery**<br>Smart lithium-polymer battery with built-in BMS and LED indicator. | 2 | ₹18,500.00 | ₹37,000.00 |
| 8 | **ISDT K2 Dual Channel Smart Charger**<br>AC 200W / DC 500Wx2 dual channel LiPo/LiFe/LiIon balance charger. | 1 | ₹12,000.00 | ₹12,000.00 |
| 9 | **RadioMaster TX16S MKII Radio Transmitter**<br>16-channel multi-protocol OpenTX/EdgeTX RC transmitter. | 1 | ₹16,500.00 | ₹16,500.00 |
| 10 | **FrSky R-XSR 2.4GHz RC Receiver**<br>Ultra mini redundant receiver with telemetry support (SBUS/CPPM). | 1 | ₹2,500.00 | ₹2,500.00 |
| 11 | **GoPro Hero 11 Black Action Camera**<br>5.3K60 Ultra HD video, HyperSmooth 5.0 stabilization. | 1 | ₹40,000.00 | ₹40,000.00 |
| 12 | **Zhiyun Crane M3 3-Axis Gimbal**<br>Compact professional gimbal, adapted for drone payload mounting. | 1 | ₹28,000.00 | ₹28,000.00 |
| 13 | **RunCam Phoenix 2 FPV Camera**<br>1/2 inch CMOS FPV camera with excellent low-light performance. | 1 | ₹3,800.00 | ₹3,800.00 |
| 14 | **TBS Unify Pro32 HV 5.8GHz VTX**<br>High-power video transmitter up to 1000mW output. | 1 | ₹4,500.00 | ₹4,500.00 |
| 15 | **Lumenier AXII 2 5.8GHz FPV Antenna**<br>RHCP circularly polarized antenna for clear video transmission. | 2 | ₹1,800.00 | ₹3,600.00 |
| 16 | **Fat Shark Dominator HDO 2 FPV Goggles**<br>OLED FPV goggles with adjustable focus and IPD. | 1 | ₹45,000.00 | ₹45,000.00 |

| # | ITEM DESCRIPTION | QTY | UNIT PRICE | TOTAL PRICE |
|---|---|---|---|---|
| 17 | **Holybro SIK Telemetry Radio V3 433MHz**<br>Long-range telemetry link for ground control station communication. | 1 | ₹6,500.00 | ₹6,500.00 |
| 18 | **PX4FLOW V1.3.1 Optical Flow Sensor**<br>Smart optical flow camera for precision hovering without GPS. | 1 | ₹7,200.00 | ₹7,200.00 |
| 19 | **Benewake TFmini Plus Lidar Rangefinder**<br>Single-point micro ranging module for altitude hold. | 1 | ₹4,800.00 | ₹4,800.00 |
| 20 | **Matek FCHUB-6S Power Distribution Board**<br>PDB supporting up to 6S with 5V & 10V regulators. | 2 | ₹1,500.00 | ₹3,000.00 |
| 21 | **Premium Silicone Wire Kit**<br>Assortment of 12/14/16/20 AWG highly flexible silicone wires. | 1 | ₹2,500.00 | ₹2,500.00 |
| 22 | **Marine-grade Heat Shrink Tube Assortment**<br>Adhesive-lined heat shrink tubing in various diameters. | 1 | ₹950.00 | ₹950.00 |
| 23 | **Amass XT60 & XT90 Connectors**<br>High-amp gold-plated power connectors (10 Pairs). | 1 | ₹1,200.00 | ₹1,200.00 |
| 24 | **M3/M2.5 Nylon Standoffs and Screws Kit**<br>Hardware for mounting FC, PDB, and accessories. | 1 | ₹850.00 | ₹850.00 |
| 25 | **Loctite 242 Blue Threadlocker (50ml)**<br>Medium strength threadlocker to prevent screw loosening from vibration. | 1 | ₹650.00 | ₹650.00 |
| 26 | **Fluke 101 Digital Multimeter**<br>Basic digital multimeter for continuity and voltage checks. | 1 | ₹4,200.00 | ₹4,200.00 |
| 27 | **TS100 65W Portable Soldering Iron Kit**<br>Smart soldering iron, includes rosin core solder and flux pen. | 1 | ₹5,500.00 | ₹5,500.00 |

| # | ITEM DESCRIPTION | QTY | UNIT PRICE | TOTAL PRICE |
|---|---|---|---|---|
| 28 | **iFixit Mako Precision Screwdriver Set**<br>64-bit driver kit for detailed electronics assembly. | 1 | ₹3,800.00 | ₹3,800.00 |
| 29 | **Fireproof Lipo Battery Safe Storage Bag**<br>Explosion-proof safety bag for battery transport and charging. | 2 | ₹1,100.00 | ₹2,200.00 |
| 30 | **Industrial Grade Nylon Zip Ties**<br>Assorted lengths (100mm, 150mm, 200mm), pack of 500. | 1 | ₹450.00 | ₹450.00 |
| 31 | **Folding GPS Mast / Antenna Mount**<br>Collapsible carbon fiber rod mount for GPS isolation. | 1 | ₹800.00 | ₹800.00 |
| 32 | **Anti-Vibration Shock Absorber Dampers**<br>Rubber damping balls for camera and gimbal isolation. | 2 | ₹600.00 | ₹1,200.00 |
| 33 | **1S-8S Lipo Battery Voltage Alarm Buzzer**<br>Low voltage warning buzzer for flight monitoring. | 3 | ₹250.00 | ₹750.00 |
| 34 | **Pelican Storm iM2975 Hard Carrying Case**<br>Watertight impact-resistant case with customizable foam. | 1 | ₹25,000.00 | ₹25,000.00 |
| 35 | **75cm Foldable Drone Landing Pad**<br>High-visibility double-sided landing pad with stakes. | 1 | ₹1,200.00 | ₹1,200.00 |

## BANK DETAILS

**Bank Name:** HDFC Bank Ltd.
**Account Name:** AeroDynamics & Robotics India Pvt. Ltd.
**Account Number:** 50200012345678
**Branch:** Sector 62, Noida
**IFSC Code:** HDFC0001234
**SWIFT Code:** HDFCINBBXXX

| Shipping & Handling: | **₹0.00 (Waived)** |
| **Grand Total:** | **₹394,651.00** |

## Terms and Conditions

- **Payment Terms:** Payment is due within 15 days of the invoice date. Late payments will incur a 1.5% monthly interest charge.
- **Title & Risk:** Title to the equipment remains with AeroDynamics & Robotics India Pvt. Ltd. until full payment is received. Risk of loss passes to the buyer upon delivery.
- **Returns:** Unopened and unused items may be returned within 7 days of delivery, subject to a 15% restocking fee. Custom drone frames and tailored electronics are non-refundable.
- **Inspection:** The buyer must inspect all components upon delivery. Any missing or physically damaged items must be reported within 48 hours of receipt.
- **Liability limitation:** Under no circumstances shall AeroDynamics be liable for any indirect, incidental, or consequential damages resulting from the use or assembly of the supplied drone components.

## Warranty Information

- **Flight Controllers & ESCs:** Covered by a 6-month limited manufacturer warranty against manufacturing defects. Burnt components due to reversed polarity, incorrect voltage, or water damage are explicitly excluded.
- **Motors & Propellers:** Covered by a 30-day warranty against factory defects. Crash damage, bent shafts, and unbalanced props due to misuse are not covered.
- **Batteries (LiPo):** Lithium Polymer batteries carry a dead-on-arrival (DOA) warranty only. Due to the volatile nature of LiPo chemistry, they must be checked within 48 hours. Puffed or over-discharged batteries are not covered.
- **Cameras & Gimbals:** GoPro and Zhiyun products are covered under their respective standard 1-year manufacturer warranties. Claims should be routed directly to authorized service centers.
- **Sensors & Telemetry:** Lidar, Optical Flow, and Telemetry modules are covered for 3 months. Physical impact damage voids all warranties.

## Drone Assembly & Maintenance Guidelines

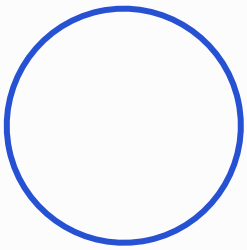

- **Pre-Flight Checks:** Always inspect propeller integrity, motor mounts, and frame screws before every flight. Threadlocker (provided in this kit) MUST be applied to all metal-to-metal fastners to prevent loosening due to high-frequency vibrations.
- **Battery Safety:** Never leave LiPo batteries unattended while charging. Always charge inside the provided Fireproof LiPo Safe Bag on a non-flammable surface. Do not discharge below 3.3V per cell to maintain battery health.
- **Wiring & Insulation:** Ensure all high-current power distribution board (PDB) connections are heavily soldered and adequately insulated using the marine-grade heat shrink tubing to prevent short circuits during damp conditions.
- **Compass Calibration:** The Pixhawk 4 internal and external compasses must be calibrated outdoors away from large metallic structures or magnetic interference before the maiden flight.

- **Firmware:** It is recommended to flash the latest stable ArduPilot or PX4 firmware via QGroundControl or Mission Planner prior to setup. Ensure fail-safe mechanisms (Return to Launch on RC loss) are thoroughly tested.

## Drone Regulations & Compliance (DGCA India)

By purchasing these components, the buyer acknowledges and agrees to comply with the Directorate General of Civil Aviation (DGCA) regulations for Unmanned Aircraft Systems (UAS) in India:

- **Registration:** The fully assembled drone (likely falling under the 'Small' or 'Medium' category depending on final payload weight) must be registered on the Digital Sky Platform to obtain a Unique Identification Number (UIN).
- **Pilot Certification:** Operating a drone above the Nano category for R&D or commercial purposes requires a valid Remote Pilot Certificate issued by a DGCA-approved drone training organization.
- **No-Fly Zones:** The operator must strictly adhere to the dynamic airspace map on the Digital Sky Platform. Flying in Red and Yellow zones without prior ATC and defense clearances is strictly prohibited and a punishable offense.
- **Insurance:** Third-party liability insurance is mandatory for all drones operating in India (excluding Nano category operating below 50ft).
- **Responsibility:** The buyer assumes full responsibility for the safe and legal operation of the assembled aircraft. AeroDynamics & Robotics India Pvt. Ltd. provides components for educational, R&D, and authorized industrial use only.
